LEADERS &  
INNOVATORS

April 24<sup>th</sup> - 26<sup>th</sup>, 2023

MGM Grand, Las Vegas

## BY THE NUMBERS

**10,000** PEOPLE TURNING 65 IN THE U.S. EACH DAY

**21%** PERCENT OF POPULATION 55 AND OVER

**70%** PERCENTAGE OF WEALTH HELD BY THOSE 55 AND OVER

The past few years has seen an acceleration in shifting consumer expectations, venture capital dollars funding new startups tackling aging, and advances in technology enabling seismic changes across the entire value chain.

While we cannot turn back the clock (yet), people want and deserve to live longer, better lives in the place of their choosing.

Until now, there has never been a single show uniting all aspects of aging and senior health - physical, financial, and mental. Until now there has not been a single show that brings together the innovators and originators.
